FINAL REJECTION

1. Claim 36 is objected to because in claim 36, line 6, it recites an element "mainpulandum". The element "manipulandum" is not supported by the disclosure.

It is noted that the disclosure as originally filed does not use the word "manipulandum", therefore, the "manipulandum" is un-supported by the disclosure.

Correction is required.

2. In the first office action, paragraph 1, the examiner has made a similar objection to claims 34-39. In this amendment, applicant has failed to correct this inconsistency. The examiner hereby gives applicant 3 months to correct this inconsistency.

3. Claims 32, 33, 38, 39 are allowable.

4. Applicant's remarks have been fully considered. Although applicant has rewritten the independent claims to include all allowable subject matters, applicant still has not corrected the objection of claim 34 (or now claim 36).

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 2837

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
